

Internship Opportunity at ESG Department

Highlights of the Internship Role:

The intern will support the planning and delivery of ESG projects across the business, with a strong focus on sustainability reporting, data analysis, and project coordination. Working closely with the Group ESG team and cross-functional stakeholders, the intern will gain hands-on exposure to ESG practices spanning strategic planning and day-to-day execution within a corporate real estate environment.

- **ESG Project Support:** Assist in the preparation of presentation materials, summary reports, and other supporting deliverables for ongoing ESG initiatives.
- **Data Collection & Analysis:** Collect, organise, and consolidate ESG-related data, and perform trend analysis and benchmarking to support performance tracking and sustainability reporting.
- **Research & Recommendations:** Conduct research on ESG trends and industry best practices, and assist in identifying potential ESG improvement opportunities and initiatives.

Requirements:

- Pursuing or recently completed a degree in Environmental Science, Sustainability, Social Sciences, Environmental Management, Engineering, or a related discipline.
- Strong verbal and written communication skills in Cantonese and English.
- Self-motivated, eager to learn, and able to work both independently and collaboratively.
- Interest in ESG, sustainability practices, environmental issues, or corporate responsibility initiatives is preferred.
